CORP SPA

Gate valve 150Lb~2500Lb

Size: 2"~64" (DN50~DN1600)

Rating: 150Lb~2500Lb (PN16~PN420)

Materials: Carbon steel /Stainless steel / Alloy steel /Special
(Monel /Inconel /Hastelly etc.)
alloy steel/ Al-bronze

End connection : RF/RTJ/BW

Operation: Hand wheel / Gear/ motor/pneumatic actuators

Optional features : By-pass/Vent/Drain system, Jacket structure,
Renewable seat

Double packing design

Lockable design(For gear operation)

Extended bonnet

Chain wheel operation

With Indicator or viewing window(For hand wheel/gear operation)

ISO 5210 top flange
